Getting started with your new mobile app

Connect with us anytime, anywhere. It's as easy as 1-2-3...

1 Register on our Patient Portal.
Already registered? Go to Step 2.

- Visit our Patient Portal in a web browser. (Need help? Ask our staff how to reach it.)
- Follow the prompts to register with your email address and password.

2 Download the athenaPatient app.

- Open the Apple App Store or Google Play Store.
- Search for "athenaPatient". Careful! There are other apps with similar names.
- Install the athenaPatient app on your smartphone. The app works with iPhones and Android phones (but not iPads or tablets, sorry).

3 Log in and go!

- Open the athenaPatient app on your smartphone.
- Use your Patient Portal email address and password to log in.
- Explore! You can send us a message, view your test results and other health information, and more.

Schedule your next appointment right from your phone

Need to see one of our providers? Save yourself a phone call and self-schedule your next appointment using the athenaPatient app. It's easy to choose an appointment date and time that are convenient for you.

1 Launch the athenaPatient app.

2 Tap the calendar icon at lower right.

3 Select the patient's name.

4 Choose the *Specialty* and the *Reason for Visit* from the drop-down menus, then tap "Show appointments."

5 Select a provider's name to see a calendar of available dates. Tap to select one.

6 Tap to select a time slot from the list.

7 Review your appointment details. Please add a brief note about the reason for this visit.

8 When everything looks good, tap "Schedule Appointment." See you soon!
